PROJECT PROGRESS AND KEY UPDATES

We are pleased to bring you the latest updates on our SWITCH project, which is dedicated to fostering intercultural dialogue and enhancing soft skills among young people across Europe and the Western Balkans.

RECENT DECISIONS

In our recent Moodle training meeting, we made significant strides in finalizing essential project components, including updates to our core documents to better fit our European context. These documents will be translated into local languages to ensure broad engagement and participation from young people and youth workers across the project's target regions.

UPDATES AND ADDITIONAL INFORMATION

The SWITCH project, aligned with Erasmus+ priorities, aims to foster intercultural dialogue and enhance soft skills among young people and youth organizations across EU-associated and non-associated countries. Our goals include bridging gaps for disadvantaged youth, preventing digital and cultural risks, and developing skills through innovative online methodologies.

Thank you for your dedication and collaboration. For any questions or additional information, please reach out to the project coordinators.
