

Newsletter #7

NOVEMBER 2024

PROJECT PROGRESS AND KEY UPDATES

On November 20th, we held a very successful dissemination meeting. This meeting gave us a platform to share the project's goals and progress with a wider audience. We aim to inform a wider audience about the SWITCHin Virtual project. This event provided a valuable opportunity to share the project's goals and expected impact.

RECENT DECISIONS

Regular meetings are ongoing to ensure smooth project execution. Our partner teams are currently finalizing recordings for the theoretical parts of the virtual academy and the Upskilling Labs. At the same time partners are busy finalizing the modules for the SWITCHin Virtual Academy which will equip participants with the skills and knowledge needed to work in the virtual world.

GENERAL INFORMATION

The SWITCH project, aligned with Erasmus+ priorities, aims to foster intercultural dialogue and enhance soft skills among young people and youth organizations across EU-associated and non-associated countries. Our goals include bridging gaps for disadvantaged youth, preventing digital and cultural risks, and developing skills through innovative online methodologies.

Applications for participation in the SWITCHin Virtual project are now open! We're inviting people interested from around the world to join us. Get more information on our social media channels and official website.
