DECEMBER 2024

PROJECT PROGRESS AND KEY UPDATES

December was a period of final touches before the start of the Virtual Academy. Our partners are working hard to ensure that the sessions in the coming months produce satisfactory results. We hope that the upcoming activities will satisfy educators, teachers, professors, students and anyone else interested in taking up remote learning.

RECENT DECISIONS

Meetings between the partners in December allowed final decisions to be made about making didactic adjustments to achieve an even better result. We are looking forward to the first Virtual Academy sessions in January. The programme's teaching offer is completely free and can be accessed by everyone.

Our goals include bridging gaps for disadvantaged youth, preventing digital and cultural risks, and developing skills through innovative online methodologies.
