PROJECT PROGRESS AND KEY UPDATES

This month, the SWITCH project continued its dynamic work through our ongoing Upskilling Labs sessions, focusing on developing participants' skills in global citizenship, responsible leadership, and entrepreneurship. In these sessions participants explored the core principles of global responsibility and ethical leadership.

RECENT UPDATES

Through practical activities such as rewriting migration stories and reflecting on lessons from global leaders, they gained valuable perspectives on intercultural understanding and inclusive leadership. The Global Team Crisis Challenge provided an immersive experience in crisis management and problem-solving in diverse teams, while the creative activity "Visualizing Global Leadership" allowed participants to express their vision of an ideal leader for a globalized world.

GENERAL INFORMATION

The SWITCH project, aligned with Erasmus+ priorities, aims to foster intercultural dialogue and enhance soft skills among young people and youth organizations across EU-associated and non-associated countries. Our goals include bridging gaps for disadvantaged youth, preventing digital and cultural risks, and developing skills through innovative online methodologies.

Thank you for your dedication and collaboration. For any questions or additional information, please reach out to the project coordinators.
