

AUGUST 2025

PROJECT PROGRESS AND KEY UPDATES

August was a month of well-deserved rest for the SWITCH community. After several months of intense Upskilling Labs and intercultural dialogue sessions, our participants and partners took a step back to recharge, reflect, and enjoy the summer season.

This pause will allow everyone to return refreshed and ready to dive into new activities and collaborations. September will mark the exciting return of our interactive sessions, and we look forward to welcoming back our participants with renewed energy and enthusiasm.

UPCOMING SESSIONS

September is just around the corner, and it's going to be packed with fresh energy and exciting topics! We'll dive into new themes on digital transformation and financial literacy, exploring how technology and economics are shaping our future. Participants can expect interactive sessions, thought-provoking discussions, and opportunities to share experiences with peers from across Europe. Get ready for a month full of learning, collaboration, and inspiration to kick off the new season of SWITCH!

GENERAL INFORMATION

The SWITCH project, aligned with Erasmus+ priorities, aims to foster intercultural dialogue and enhance soft skills among young people and youth organizations across EU-associated and non-associated countries. Our goals include bridging gaps for disadvantaged youth, preventing digital and cultural risks, and developing skills through innovative online methodologies.

Thank you for your dedication and collaboration. For any questions or additional information, please reach out to the project coordinators.
